PLAYON!

PLAYON!HD

Full HD Network Media Player

ACR-PV73100

Store.Play.Stream

Our ground breaking high definition media players and recorders were launched into the world spotlight in June 2009, when AC Ryan produced the first Full HD Realtek chip based media player.

The AC Ryan Playon!HD revolutionised the market, why: it was the first Full HD media player to support more video and audio file formats than other media players.

The quality of output was far superior and although many have tried to match this, they have failed.

The streamlined design compliments any home entertainment system.

With the optional internal HDD up to 2TB, it is very appealing to the mass market looking for an all-in-one, plug and play solution.

Unlike many other media players, we have our own development team which provide regular, cutting edge firmware updates. We are always pushing the boundaries.

Playon!HD ACR-PV73100 from €149

available models: without HDD | 500GB | 1TB | 1.5TB | 2TB

PLAYON!HD mini

Full HD Network Media Streamer

ACR-PV73200

Play & Stream

Earlier this year we expanded our ground breaking Playon! series to include the streamlined Playon!HD Mini.

Sexy, compact and completely silent, this is a media streamer created for the lower price market segment, it plays media from external storage and streams media from your network.

Equipped with the same specifications as the successful Playon!HD, the Mini offers more features than other media players in the same price bracket.

Advanced Passive Cooling so Silent, so Streamlined, so affordable.

Playon!HD Mini ACR-PV73200 €99

PLAYON!

PLAYON!DVR^{HD}

Digital Video Recorder + FullHD Network Media Player

ACR-PV75100: Digital+Analog TV

ACR-PV75120: Dual Digital TV

Record.Play.Stream

The newest member of the Playon! family. The must have device of the year - the Playon!DVR^{HD}, is the ultimate HDD Recorder for your digital lifestyle.

A world first - It is the only DVR that you can access via the internet from anywhere in the world to record your favourite show. With the help of an Electronic Program Guide (EPG) users simply select what shows to record or program regular timed recording.

Store your digital media collection, playback digital content and record live television programs instantly or with the timer schedule!

Playon!DVR^{HD} Analog+Digital TV ACR-PV75100 from €229

Playon!DVR^{HD} Dual Digital TV ACR-PV75120

available models: without HDD | 500GB | 1TB | 1.5TB

Play your downloaded video's and music not only in the comfort of your living room but anywhere life may happen to take you, your mobile or notebook. Dual TV tuners: Analogue + Digital or Dual Digital and all of the Playon!HD functionality. In the lead up to the World Cup this will be a must have for the home of any football fanatic

PLAYON! accessories.

**WirelessN USB Adaptor
